

## Additions to Our Product Line:

We are excited to introduce four new flat panel door styles to our line-up. Due to the popularity of our Concord and Phillip doors, and the size limitations that come with a 3 1/2" stile and rail door, we have decided to add these same profile combinations in 2 1/4" and 3" styles. Chadwick, Cambridge, Palmer and Penbrook are now available to order. In addition to our new door styles, we have added a new white paint. Serenity is a pure white that falls in between White Ice & Divinity!
