# STAINS

Countryside Cabinets utilizes state of the art flat line finishing systems. Premium hand-wiped water base stains enhance the beauty of the wood. These stains are free from harmful effects to our environment. They are first applied in a sealed booth immediately followed by individuals who hand-wipe the wood. A clear seal coat is applied and hand sanded. The final application of clear top coat is oven-cured using the latest in ultraviolet technology. This consistency and durability ensures your cabinetry will look beautiful for years to come.

## PROFILE GLAZE:

**Brown Glaze**  
Ellison Maple Harvest

**Black Glaze**  
Sawyer Maple Thyme

Countryside Cabinets offers a Profile Glaze which is hand applied using a high tech air brush system to accent your cabinet doors and various accessories.

Profile Glaze enhances the details of the profiles to create visual contrast and depth. This process does not alter the base color of the product.

No printing technology allows for absolute accurate reproduction of wood, stain or paint colors. Please see your dealer's displays & samples for actual colors.
