HIGH PERFORMANCE EXTERIOR FINISH

EDCO's ENTEX coating is available in a wide variety of nature-inspired colors. This unique coating uses Akzo Nobel's cool color technology to help reduce your energy bills. Best of all, our steel siding coordinates beautifully with any EDCO soffit, fascia, siding accessory or gutter and downspout system.

APPEARANCE

- Available in a full range of 14 solid and 3 HD Colors
- Nature-inspired EnduraGrain embossed finish
- Durable ENTEX finish won't peel, crack or blister

OUR LIFETIME WARRANTY PLUS PROGRAM IS UNMATCHED BY INDUSTRY STANDARDS

EDCO continues to set the industry standard with an above-and-beyond Warranty Plus program that takes the concern out of investing in steel siding. We understand that when you pay for a superior product, it should be backed by a superior guarantee. That's the EDCO Warranty Plus promise.

EDCO Steel-Kore® siding products carry a lifetime, non-prorated limited warranty with hail and fade protection. The warranty is also transferable if the owner sells.
