# SAVANNAH15

PAINT GRADE MAPLE - TAUPE  
& CHERRY - BRIARWOOD

This contemporary kitchen features the Savannah15 door style, combining the beauty of Taupe paint and Briarwood stained Cherry wood. It creates such a warm, cozy inviting feeling that guests will be reluctant to leave.

The stunning range hood was accented with the stained Cherry by making use of fillers, light rail, and scribe with the Briarwood stain. Built in ovens, microwave and a pots and pan base topped with a gas range would be the envy of any chef.

The China Door cabinet adds a stunning look that makes this kitchen a showstopper.

The combination of quality materials and superior construction methods come together to create cabinetry that has the style and flair of fine furniture.

Quality of work and service is a matter of personal pride for our Koch Cabinet's skilled craftsmen.

*We believe Koch and Company's American made cabinetry is the best in the world!*

When entering this family's house you immediately know their kitchen is the heart of the home. Designed for a lady that loves to cook, your first impression might be enhanced by the smell of freshly baked pies.

A pots and pans base cabinet includes a rollout that is ideal for baking accessories. The Rev-A-Shelf mixer lift, corner diagonals with a tambour appliance garage and the built in microwave are some of the many features in this kitchen.

A walk in pantry and the stunning Omega Accent Range Hood adds functionality and beauty.

## THE ELEGANCE OF WHITE

This style and color is one of the most elegant choices you could make. It creates a spacious look that is modern and inviting.

The crown riser combined with a mid shaker crown is a classic clean look. 5 piece fronts and appliance panels for the refrigerator adds to the beauty of the space.

# Other Rooms

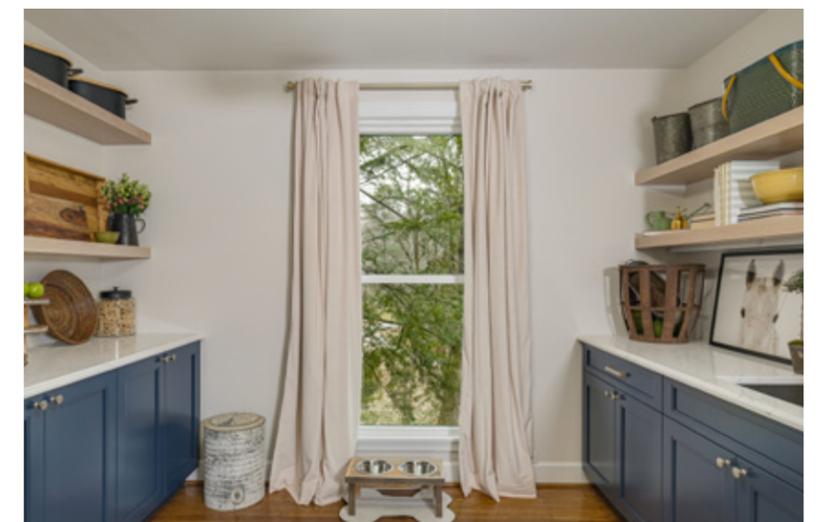

## Endless Possibilities

Every room in your home can be as beautiful and unique as your kitchen

Our hand crafted cabinetry will enhance your media room, home office, bathroom, closet, entertainment center, living room, bar area, entry way or any room in your home. Make a lasting impression throughout your home as your family and friends gather together to create memories.

Over the past several years, white cabinets, and versions of white, have become extremely popular in kitchens. The new trend is to add pops of color, or contrasting colors, on some of the cabinets to let your home's personality shine. Koch Cabinets offer 12 variations of paint colors; Black, Capri, Charcoal Blue, Dusk, Fog, Ivory, Oyster, Taupe, White, Fog Drift, Capri Drift and White Drift.

*Your kitchen is truly an investment that will enrich your home with love and laughter through the years.*

*It is the place where friends and family come together for gatherings and special occasions.*

Actual finishes and variations in wood species may differ from photography shown. See your dealer for product sample.

## SAVANNAH15

Maple wood species with our Pecan stain offers a wonderful combination of refined beauty and durability.

This kitchen's modern elegant look and the warmth of the wood will be a welcoming space for everyone to enjoy for many years to come.

## AMAZING STORAGE!

Your kitchen countertops can be clutter free once and for all with smart and easy organization ideas. Cabinet rollouts, a built in pantry cabinet, broom cabinet and a chrome mixer lift are perfect for this size kitchen.

An angled cabinet makes access into the room easier and provides a place for kitchen accessories. The dining alcove is the perfect place for window seats with the drawers making efficient space to store games and table decor.

### DOOR AND DRAWER OVERLAY OPTIONS

Modified Full Overlay

The term "overlay" refers to the amount the cabinet door (and drawer front) overlays (or hangs over) the cabinet frame opening. Koch frames are typically 1 3/4" wide and two overlay options are available.

Our standard overlay generally covers 1/2" of the frame, leaving 1 1/4" of the frame exposed. The Mod-Full overlay option will generally cover 1 1/2" of the frame, leaving 1/4" of the frame exposed.

Note: There can be some exceptions with certain cabinets. Check with your dealer for more information.
