# DESIGN WITH OVERLAY

## Overlay

Countryside Cabinets offers three overlay options that determine how much of the cabinet frame is visible. Overlay is a small detail that plays a large role in the architectural style of a space.

### FULL OVERLAY

Doors and drawer fronts fully overlay the cabinet frame. A small amount, ranging from 1/4" to a 1/2", of the frame is revealed.

### MODIFIED OVERLAY

Similar to Full Overlay, Modified Overlay features a 1" frame reveal at the top of the upper cabinets for molding installation.

### STANDARD OVERLAY

Doors and drawer fronts partially overlay the cabinet frame leaving 1/2" to 2" of frame visible between them.

# DESIGN WITH COLOR

## Stains

Countryside Cabinets utilizes state of the art flat line finishing systems and premium, water-based stains. Stains are applied in a sealed booth and hand-wiped to perfection. We finish our product with two coats of clear finish that is cured using the latest in ultraviolet technology. This process ensures your cabinetry will look beautiful for years to come.
