WHAT BADGER WILL DO

Once we are contacted, we will acknowledge receipt of your request with a call to discuss what you are experiencing and the appropriate next steps needed to identify issue. If it is determined that there is a defect, we will repair the product at no charge to you or ship replacement product to the dealer in the same specification as originally ordered. If repair or replacement is not possible, we will refund the original purchase price to the dealer.

Claims originated due to warp may be deferred for a period of up to twelve (12) months from the date of claim, as it is common for a temporary warp condition to occur as the door adjusts to local humidity and temperature conditions. Badger uses manufacturer and industry standards to test/verify product. This deferral will not be counted against the warranty period.
